

SFT-180W Welder Tractor

Operating weight	40,785 lbs / 18,500 kg
Boom capacity	22,046 lbs / 10,000 kg
Net flywheel power	168 kW / 225 HP

SFT-180W WELDER TRACTOR

ABOUT THE SFT-180W WELDER TRACTORS

The SFT-180W's modular design allows for not only complete customization but also the possibility of retrofitting it for other specialized purposes, such as induction heating, sand-blasting, pipe carrying, dumping, workshop boxes, etc. This modularity makes this system unparalleled in terms of versatility.

FEATURES

- Hydrostatic transmission
- Choice of Caterpillar or Iveco engine
- Easy-to-use joystick controller
- CE compliant

HYDRAULIC BOOM

We have several brands of hydraulic booms from which to choose: Hiab, Maxilift or Bonfiglioli.

JOYSTICK CONTROL

The joystick controller can be hydraulic or electronic, and provides better control of the machine.

ENGINES

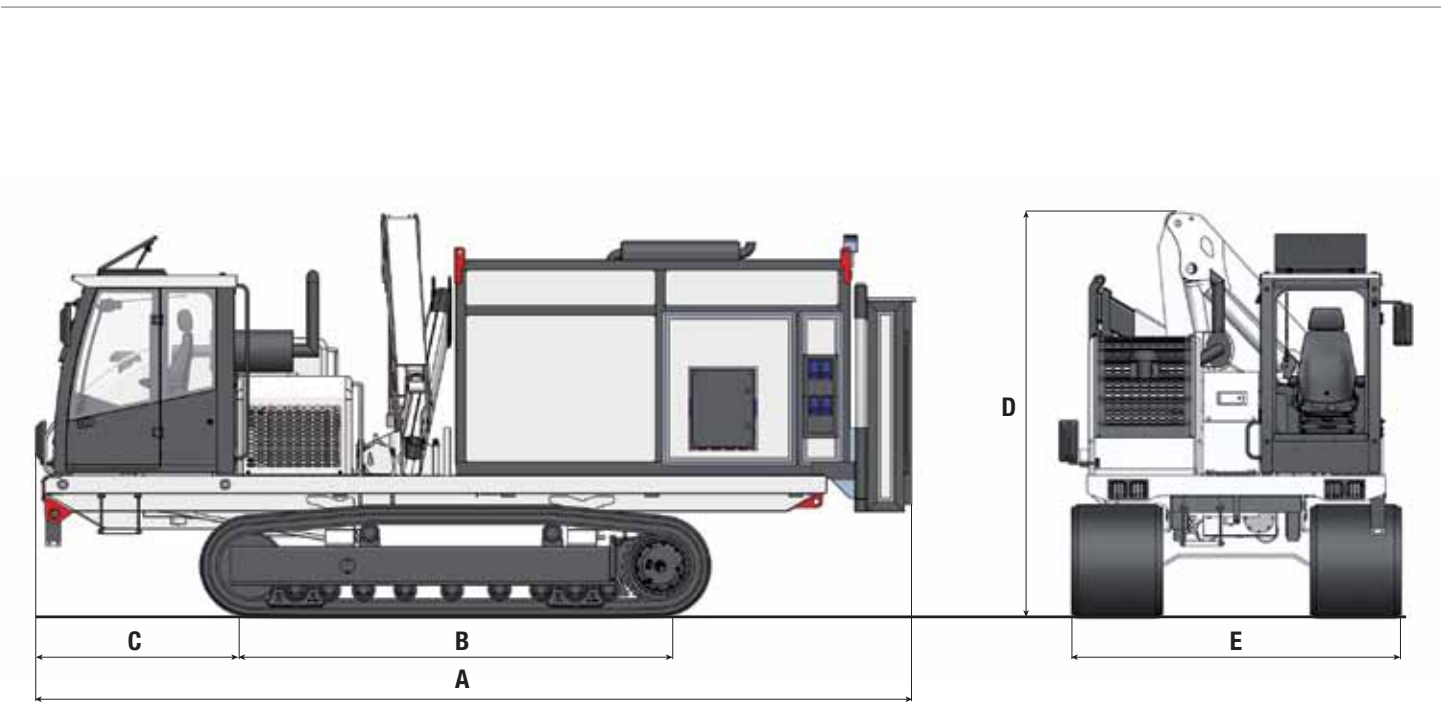

You have a choice of engine: Caterpillar or Iveco FPT. Both of these comply with environmental rules (EPA and Tier 4.)

BOTTLE HOLDER (OPTIONAL)

A hydraulically-operated bottle holder is available as an option. A safety switch prevents the machine from moving while engaged.

DIMENSIONS

Operating weight 40,785 lbs / 18,500 kg

	Feet	Meters
A Overall length	24.1 ft	7.35 m
B Length of tracks on the ground	11.3 ft	3.45 m
C Cab length	5.75 ft	1.75 m
D Overall height	11.5 ft	3.49 m
E Overall width	9 ft	2.76 m

WELDING TENT

In addition to our line of welder tractors, we also have available a wide range of add-ons, consumables and accessories, such as welding tents.

The welding tents can be hooked and moved around via the welder tractor's knuckle boom and are a perfect solution to protect workers from inclement weather and ensure a more comfortable and safer work environment.

Contact us for more detailed information on this and other available accessories and consumables for your welding tractors.
